What is In Home Marriage Preparation?

The preparation of an engaged for the Sacrament of Matrimony by a married couple, one-on-one, couple-to-couple, in a home environment.

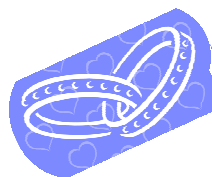

In six meetings the married couple will mentor the engaged couple in the skills and attitudes necessary to transition successfully to married life. This preparation provides the engaged couple with a solid foundation for marriage.

This second phase of marriage preparation follows several sessions with a priest or deacon.

“For this reason a man will leave his father and mother and cling to his bride, and the two will become on flesh. This is a profound mystery, and it refers to Christ and the Church.”

Eph. 5:31-32
